

Ocugen, Inc. to Present at Upcoming Vaccines, Cell & Gene Therapy Conferences

October 6, 2022

MALVERN, Pa., Oct. 06, 2022 (GLOBE NEWSWIRE) -- Ocugen, Inc. ("Ocugen" or the "Company") (NASDAQ: OCGN), a biotechnology company focused on discovering, developing, and commercializing novel gene and cell therapies and vaccines, today announced that the Company will present at two important conferences this month.

"I look forward to sharing more about our Modifier Gene Therapy platform—a novel approach to treating inherited retinal disease—during the Meeting on the Mesa, and Dr. Hopkins will provide more on COVAXIN™— a whole-virion inactivated COVID-19 vaccine candidate currently in a Phase 2/3 immuno-bridging and broadening clinical trial with the U.S. FDA—at the Vaccines Summit," said Dr. Shankar Musunuri, PhD, MBA, Chairman, CEO & Co-Founder of Ocugen. "It's critical that we participate in conversations about the next generation of medicine among our peers and share our contributions to the advancement of vaccines, cell and gene therapy."
