Form 10-K for the Fiscal Year Ended December 31, 2022

Item 7. Management's Discussion and Analysis of Financial Condition and Results of Operations.
Research and development expense, page 93

1. We note the statement that you do not currently track research and development expenses on a program-by-program basis for indirect and overhead costs. Please revise future filings to disclose the costs incurred program-by-program for those costs that are tracked. Also revise to provide other quantitative disclosure that provides more transparency as to the type of research and development expenses incurred (i.e., by nature or type of expense) which should reconcile to total research and development expense on the Consolidated Statements of Operations for all periods presented.
